## Subpart F—Seizure and Forfeiture Procedures

### § 904.500 Purpose and scope.

(a) This subpart sets forth procedures governing the release or forfeiture of seized property (except property seized and held solely as evidence) that is subject to forfeiture under the various statutes administered by NOAA.

(b) Except as provided in this subpart, these regulations apply to all seized property subject to forfeiture under the statutes listed in Subpart A. This subpart is in addition to, and not in contradiction of, any special rules regarding seizure, holding or disposition of property seized under these statutes.

### § 904.501 Notice of seizure.

Except where the owner, consignee, or other party that the facts of record indicate has an interest in the seized property is personally notified, or where seizure is made under a search warrant, NOAA will, as soon as practicable following the seizure or other

receipt of seized property, mail notice of the seizure by registered or certified mail, return receipt requested, to the owner or consignee, if known or easily ascertainable, or other party that the facts of record indicate has an interest in the seized property. The notice will describe the seized property and state the time, place and reason for the seizure. The notice will inform each interested party of his or her right to apply for remission or mitigation of the forfeiture (including any agreement that may be required under § 904.506(b)(2)(vii)). The notice may be combined with a notice of the sale of perishable fish issued under § 904.505.

### § 904.502 Bonded release.

NOAA may, in its sole discretion, release any seized property upon deposit with NOAA of the full value of the property or such lesser amount as NOAA deems sufficient to protect the interests served by the applicable statute. The deposit will be held in a NOAA suspense account, or deposited with the appropriate court, pending the outcome of forfeiture proceedings. In addition, NOAA may, in its sole discretion, accept a bond or other security in place of fish, wildlife, or other property seized. The bond will contain such conditions as NOAA deems appropriate. The provisions of § 904.506(f) apply to NOAA's determination whether to release the property. The deposit or bond will for all purposes be considered to represent the property seized and subject to forfeiture.

### § 904.503 Appraisement.

NOAA will appraise seized property to determine its domestic value. Domestic value means the price at which such or similar property is offered for sale at the time and place of appraisement in the ordinary course of trade. If there is no market for the seized property at the place of appraisement, the value in the principal market nearest the place of appraisement will be used. If the seized property may not lawfully be sold in the United States, its domestic value will be determined by other reasonable means.
